

Diablo Valley Flyfishing Club

Wisecarver Memorial Scholarship

The Diablo Valley Flyfishing Club (DVFF) based in Walnut Creek, CA. sponsors this annual \$2,500 scholarship (one per year) in support of a UC Davis graduate student conducting research in fisheries biology and/or riparian or limnetic ecology, with projects that benefit California's recreational fisheries. A preference is given for research on a sport-related fish species.

Applicants for this scholarship must be a currently registered as a graduate student at UC Davis and be in good academic standing. The scholarship is administered by the Diablo Valley Flyfishing Club (DVFF), who will receive and review applications, and select a qualified student whose research best matches its interests. DVFF will also award the scholarship directly to the student. In the event that no research proposal matches the interest of DVFF, no award will be given.

The selected candidate for this scholarship agrees to:

1. Give a short presentation on his/her research to the Diablo Valley Flyfishing Club (DVFF) general membership at one of their monthly meetings in 2020 (held the 3rd Tuesday of each month at 7:30 pm in Walnut Creek). Date to be arranged with the club.
2. Establish and maintain contact with DVFF by visit, letter/email, or telephone for the period of the scholarship plus one year.
3. Appropriately recognize DVFF for support received in any publications resulting from this research/thesis.

Application Requirements for all Scholarships:

- A completed Application Form (see next page).
- An enrollment verification from the Registrar's Office at <https://registrar.ucdavis.edu/records/verifications.cfm>
- A cover letter (limited to 2 pages) describing your qualifications, interests, career goals, participation in conservation activities, and how your proposed research project is relevant, applicable, and beneficial to sport fishing. Please also include your most recent overall GPA. The person awarded the scholarship may be asked to provide evidence of their academic standing prior to the award.
- A written statement (limited to 3 pages), outlining your research project and how it will benefit California recreational fisheries. The statement should be appropriate for and easily comprehensible by a lay audience.
- Project budget information detailing how the scholarship money would be spent.
- This scholarship is intended for a project not previously funded by a CABA scholarship. If you are submitting a proposal for a project that received a previous CABA Scholarship, please include a specific explanation describing how your current proposal is different from the previously awarded project.
- **All applications must be signed by a faculty advisor and submitted in PDF format to David Roche, the Conservation Chair of DVFF by Friday, April 24, 2020. His email address is droche555@gmail.com.**

Applicant's Name	
Mailing Address	
Phone Number	
Email Address	

Write a statement that includes (a) a summary in approximately 100 words describing your proposed research, (b) a description of how your research is different from a previously awarded proposal (if appropriate), (c) how it is in line with the objectives of the DVFF scholarship, and (d) how the scholarship will benefit your work (how it would address an otherwise unmet need in your research). Please limit your project description statement to three pages and add your project budget details as a separate page.

If awarded a scholarship, I agree to present my work at a meeting of the Diablo Valley Flyfishing Club in a format that is appropriate to a lay audience. I also agree to acknowledge the donor's support in any publications resulting from the research.
